Dear Parent or Guardian,

In order for your son or daughter to participate in our events we need this waiver to be filled out and signed. Signing a release form can seem scary at times, and if you do not feel comfortable with it than please do not. As a parent it is your right and more importantly your responsibility to decide what activities your children take place in.

Knight Realms is a safe and friendly environment and the organization is filled with great people and caring and observant staff members. Our track record of safety is great. A couple of times a year one member may trip and scrape a knee or twist an ankle. In over fifteen years we have never had a severe injury occur to anyone participating in our events.

The first part of the release is to gather information in case of an emergency. The second part of the release is to receive your permission to act quickly and bring your son or daughter to a nearby hospital if an unlikely accident occurs that warrants such a trip in the opinion of our certified first aid staff.

At anytime during an event you can call the Knight Realms phone number to make sure that your child is at our events and speak with them in the case of a family emergency.
